Module 5: Overcome client objections and close the deal

- Get the exact scripts and tools you need to handle objections, clearly explain your value, and ultimately land clients
- Turn objections into coaching moments and opportunities to close business
- Learn how to close clients in a way that feels authentic and non-aggressive
- Use objections as a way to demonstrate your coaching skills watch roleplays of how we talk through objections

PART 2: Advanced Positioning Secrets for Coaches

Grow Your Practice by Differentiating Yourself from the Competition

Module 6: Become known as a leading authority in your marketplace

- Stand out and differentiate yourself, so you can become known for your unique contributions and areas of expertise
- How to own your niche and create a framework to use to support your clients and get results
- Get press to reach out to you
- Become known by your writing and materials you put out there

Module 7: Turning rejection into fuel - how to overcome obstacles and setbacks in your practice

- Come to terms with objections more quickly and turn them into opportunities
- How to track your progress, even when it feels like you aren't moving forward
- How to avoid the 'comparison trap' of measuring yourself against other coaches

Module 8: Getting booked to speak and high level strategies to reach your ideal clients

- Identify the right events and conferences that your ideal clients attend and how to persuade organizers to book you to speak. Then create an 'echo chamber' that prompts them to reach out to you
- Develop a talk that addresses clients' most pressing needs and a call to action so they connect with you

Module 9: How to save 3-5 hours a week and grow your practice, even when busy with clients

- Get the exact frameworks you need to ensure you're using your time efficiently
- See sample calendars to help you schedule the right activities at the right times, so you can accomplish more with ease
- Cut the time you spend on social media content creation in half without sacrificing results

Module 10: Work now, earn forever: Develop passive income streams to grow your revenue

- Identify compelling online course topics and learn how to test them with your ideal clients before investing time creating them
- Develop effective strategies to market your course to B2B (business-to-business) and B2C (business-to-consumer) audiences
- Understand how and when to partner with online course marketplaces, and when to offer courses on your own
